STATEMENT OF PURPOSES

- 2.1 Within a feminist philosophy provide a statewide women's health information service offered by women for the women of Victoria.
- 2.2 Through the application of a health promotion framework incorporating the social model of health, prevent illness, disease and injury and promote independence, health & wellbeing using a variety of interventions.
- 2.3 To identify and respond to the health issues of the women of Victoria and to inform the public, health service providers, policy makers and resource allocators about these issues.
- 2.4 To be informed by, and encourage the validation of, women's experiences of health and ill-health.
- 2.5 To promote women's right to control our own bodies in every aspect of health care.
- 2.6 To empower women and communities through the use of information and educational resources to act on health matters.
- 2.7 Work to improve women's health and wellbeing through participation, collaboration and partnerships with women, the community, women's services and other organisations.
- 2.8 To ensure that the service is responsive to the needs of women who experience disadvantage and discrimination.
- 2.9 To engage in charitable and/or benevolent activities which are consistent with these purposes.
- 2.10 To engage in any activity which is consistent with these purposes and which concerns women's health and wellbeing.
